6,970,000 WARRANTS TO PURCHASE SHARES OF CLASS A COMMON STOCK
6,970,000 SHARES OF CLASS A COMMON STOCK UNDERLYING WARRANTS

This prospectus relates to the resale from time to time of (i) an aggregate of 68,433,360 shares of Class A common stock, par value \$0.0001 per share (the "Class A Common Stock"), of The Beauty Health Company, a Delaware corporation, and (ii) 6,970,000 warrants to purchase Class A Common Stock at an exercise price of \$11.50 per share ("warrants") by the selling stockholders named in this prospectus (each a "Registered Holder" and, collectively, the "Registered Holders"). This prospectus also relates to the issuance by us of up to 6,970,000 shares of Class A Common Stock upon the exercise of outstanding warrants.

On May 4, 2021, we consummated the transactions contemplated by that certain Agreement and Plan of Merger, dated as of December 8, 2020 (the "Merger Agreement"), by and among Vesper Healthcare Acquisition Corp., a Delaware corporation ("Vesper"), Hydrate Merger Sub I, Inc. Vesper also changed its name to "The Beauty Health Company".

We are registering the resale of shares of Class A Common Stock and warrants as required by (i) an Amended and Restated Registration Rights Agreement, dated as of May 4, 2021 (the "Registration Rights Agreement"), entered into by and among us, BLS Investor Group LLC (the "Sponsor") and the stockholders of HydraFacial as of immediately prior to the effective time of the Mergers (the "HydraFacial Stockholders") and (ii) those certain subscription agreements (the "PIPE Subscription Agreements"), each dated December 8, 2020, entered into by us and certain qualified institutional buyers and accredited investors that purchased shares of Class A Common Stock in private placements consummated in connection with the Business Combination.

We will receive the proceeds from any exercise of the warrants for cash, but not from the resale of the shares of Class A Common Stock or resale of warrants by the Registered Holders.

We will bear all costs, expenses and fees in connection with the registration of the shares of Class A Common Stock and warrants. The Registered Holders will bear all commissions and discounts, if any, attributable to their respective sales of the shares of Class A Common Stock and warrants.

Our Class A Common Stock is listed on the Nasdaq Capital Market ("Nasdaq") under the ticker symbol "SKIN". On January 11, 2023, the closing sale price of our Class A Common Stock as reported by Nasdaq was \$10.15 per share.

ABOUT THIS PROSPECTUS

This prospectus is part of registration statements that we filed with the U.S. Securities and Exchange Commission (the “SEC”) using a “shelf” registration process. By using a shelf registration statement, the Registered Holders named in this prospectus may, from time to time, sell the securities described in this prospectus in one or more offerings as described in this prospectus. To the extent necessary, each time that the Registered Holders offer and sell securities, we or the Registered Holders may provide a prospectus supplement to this prospectus that contains specific information about the securities being offered and sold and the specific terms of that offering. To the extent permitted by law, we may also authorize one or more free writing prospectuses that may contain material information relating to these offerings. Such prospectus supplement or free writing prospectus may also add, update or change information contained in this prospectus with respect to that offering. If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement or free writing prospectus, you should rely on the prospectus supplement or free writing prospectus, as applicable. Before purchasing any securities, you should carefully read both this prospectus and the applicable prospectus supplement (and any applicable free writing prospectuses), together with the additional information described under the heading “Where You Can Find More Information; Incorporation by Reference.”

Neither we nor the Registered Holders have authorized anyone to provide you with any information or to make any representations other than those contained in this prospectus, any applicable prospectus supplement or any free writing prospectuses prepared by or on behalf of us or to which we have referred you. Neither we nor the Registered Holders take any responsibility for, nor provide any assurance as to the reliability of, any other information that others may give you. Neither we nor the Registered Holders will make an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus and the applicable prospectus supplement to this prospectus is accurate only as of the date on its respective cover, that the information appearing in any applicable free writing prospectus is accurate only as of the date of that free writing prospectus, and that any information incorporated by reference is accurate only as of the date of the document incorporated by reference, unless we indicate otherwise. Our business, financial condition, results of operations and prospects may have changed since those dates.

This prospectus incorporates by reference, and any prospectus supplement or free writing prospectus may contain and incorporate by reference, market data and industry statistics and forecasts that are based on independent industry publications and other publicly available information. Although we believe these sources are reliable, neither we nor the Registered Holders guarantee the accuracy or completeness of this information and neither we nor the Registered Holders have independently verified this information. In addition, the market and industry data and forecasts that may be included or incorporated by reference in this prospectus, any prospectus supplement or any applicable free writing prospectus may involve estimates, assumptions and other risks and uncertainties and are subject to change based on various factors, including those discussed under the heading “Risk Factors” contained in this prospectus, any applicable prospectus supplement and any applicable free writing prospectus, and under similar headings in other documents that are incorporated by reference into this prospectus. Accordingly, investors should not place undue reliance on this information.

As used in this prospectus, unless otherwise indicated or the context otherwise requires, the terms “we,” “our,” “us” and the “Company” mean The Beauty Health Company and its subsidiaries, which was a special purpose acquisition company called “Vesper Healthcare Acquisition Corp.” prior to the closing of the Business Combination. When we refer to “you,” we mean the potential holders of the shares of our Class A Common Stock.

In this prospectus, we sometimes refer to our Class A Common Stock and warrants to purchase shares of our Class A Common Stock, collectively, as the “securities.”

Investment in any securities offered pursuant to this prospectus and the applicable prospectus supplement involves risks. You should carefully consider the risk factors incorporated by reference to our most recent Annual Report on Form 10-K, and any subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K, and all other information contained or incorporated by reference into this prospectus, as updated by our subsequent filings under the Exchange Act, and the risk factors and other information contained in the applicable prospectus supplement and any applicable free writing prospectus before acquiring any of such securities. The risks and uncertainties we have described are not the only ones facing our company. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business operations. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities. The discussion of risks includes or refers to forward-looking statements. FORWARD-LOOKING STATEMENTS

This prospectus, any prospectus supplement and the information incorporated by reference in this prospectus and any prospectus supplement contain certain statements that constitute “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”) and Section 21E of the Exchange Act. The words “aim,” “anticipate,” “believe,” “can,” “continue,” “could,” “estimate,” “expect,” “goal,” “intend” “may,” “might,” “ongoing,” “plan,” “possible,” “predict,” “project,” “potential,” “seek,” “should,” “strategy,” “target,” “will,” “would” and similar expressions and variations thereof are intended to identify forward-looking statements, but are not the exclusive means of identifying such statements. Those statements appear in this prospectus, any prospectus supplement and the documents incorporated herein and therein by reference, and include statements regarding the intent, belief or current expectations of the Company and management that are subject to known and unknown risks, uncertainties and assumptions.

This prospectus, any prospectus supplement and the information incorporated by reference in this prospectus and any prospectus supplement also contain statements that are based on the current expectations of our company and management. You are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, and that actual results may differ materially from those projected in the forward-looking statements as a result of various factors.

Because forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified, you should not rely upon forward-looking statements as predictions of future events. The events and circumstances reflected in the forward-looking statements may not be achieved or occur and actual results could differ materially from those projected in the forward-looking statements. The risks, uncertainties and assumptions that could cause actual results to differ materially from those anticipated or implied in our forward-looking statements include, but are not limited to, those risks set forth under the section entitled “Risk Factors” beginning on page 6 of this prospectus, and in the applicable prospectus supplement, together with all of the other information contained in or incorporated by reference into the prospectus supplement or appearing or incorporated by reference into this prospectus.

Except as required by applicable law, including the securities laws of the United States and the rules and regulations of the SEC, we do not plan to publicly update or revise any forward-looking statements contained herein after we distribute this prospectus, whether as a result of any new information, future events or otherwise.

USE OF PROCEEDS

All of the shares of Class A Common Stock or warrants offered by the Registered Holders will be sold by them for their respective accounts. We will not receive any of the proceeds from these sales.

The Registered Holders will pay any underwriting fees, discounts, selling commissions, stock transfer taxes and certain legal expenses incurred by such Registered Holders in disposing of their shares of Class A Common Stock or warrants, and we will bear all other costs, fees and expenses incurred in effecting the registration of such securities covered by this prospectus, including, without limitation, all registration and filing fees, Nasdaq listing fees and fees and expenses of our counsel and our independent registered public accountants.

We will receive proceeds from the exercise of the warrants for cash, but not from the sale of the shares of Class A Common Stock issuable upon such exercise. Unless otherwise disclosed in a prospectus supplement, we intend to use any net proceeds from the exercise of warrants for cash for general corporate purposes.

DESCRIPTION OF SECURITIES

The following description of the material terms of our securities is not intended to be a complete summary of the rights and preferences of such securities and is subject to and qualified by reference to the full text of our Second Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, which are attached as exhibits to our Annual Report on Form 10-K. We urge you to read our Second Amended and Restated Certificate of Incorporation and our Amended and Restated Bylaws in their entirety for a complete description of the rights and preferences of our securities.

Authorized and Outstanding Stock

The Second Amended and Restated Certificate of Incorporation authorizes the issuance of 321,000,000 shares of capital stock, consisting of (i) 320,000,000 shares of Common Stock, consisting entirely of 320,000,000 shares of Class A Common Stock, \$0.0001 par value per share (after giving effect to the conversion of each outstanding share of Class B Common Stock immediately prior to the closing of the Business Combination into one share of Class A Common Stock) and (ii) 1,000,000 shares of preferred stock, par value \$0.0001 per share. The outstanding shares of our Common Stock are, and the shares of Common Stock issuable in connection with the Business Combination pursuant to the Merger Agreement and the Private Placement are, duly authorized, validly issued, fully paid and non assessable. As of December 29, 2022, there were 132,207,966 shares of Class A Common Stock outstanding, held of record by approximately 59 holders of Class A Common Stock, no shares of preferred stock outstanding and 6,970,000 warrants outstanding held of record by approximately 17 holders of warrants. Such numbers do not include DTC participants or beneficial owners holding shares through nominee names.

Common Stock

Class A Common Stock

The Second Amended and Restated Certificate of Incorporation provides that the Class A Common Stock have identical rights, powers, preferences and privileges to current Class A Common Stock.

Class B Common Stock

The Second Amended and Restated Certificate of Incorporation provided that each share of Class B Common Stock outstanding immediately prior to the filing of the Second Amended and Restated Certificate of Incorporation automatically converted into one share of Class A Common Stock and, concurrently with such conversion, the number of authorized shares of Class B Common Stock was reduced to zero.

Voting Power

Except as otherwise required by law or as otherwise provided in any certificate of designation for any series of preferred stock, the holders of Common Stock possess all voting power for the election of our directors and all other matters requiring stockholder action and are entitled to one vote per share on matters to be voted on by stockholders. The holders of Class A Common Stock shall at all times vote together as one class on all matters submitted to a vote of the holders of Common Stock.

Dividends

Subject to the rights, if any, of the holders of any outstanding shares of preferred stock, holders of Common Stock are entitled to receive such dividends and other distributions, if any, as may be declared from time to time by our Board in its discretion out of funds legally available therefor and shall share equally on a per share basis in such dividends and distributions.

Liquidation, Dissolution and Winding Up

In the event of the voluntary or involuntary liquidation, dissolution or winding-up of the Company, the holders of Common Stock will be entitled to receive all the remaining assets of the post- combination company available for

distribution to stockholders, ratably in proportion to the number of shares of Common Stock held by them, after the rights of the holders of the preferred stock have been satisfied.

Preemptive or Other Rights

Our stockholders have no preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to our Common Stock.

Election of Directors

Our Board is currently divided into three classes, Class I, Class II and Class III, with only one class of directors being elected in each year and each class (except for those directors appointed prior to our first annual meeting of stockholders) serving a three-year term. The term of the Class I Directors in place at such time will expire at our 2025 annual meeting of stockholders; the term of the Class II Directors in place at such time will expire at our 2023 annual meeting of stockholders; and the term of the Class III Directors in place at such time will expire at our 2024 annual meeting of stockholders.

There is no cumulative voting with respect to the election of directors, with the result that directors will be elected by a plurality of the votes cast at a meeting of stockholders by holders of our Common Stock.

Preferred Stock

Our Second Amended and Restated Certificate of Incorporation provides that shares of preferred stock may be issued from time to time in one or more series. Our Board is authorized to fix the voting rights, if any, designations, powers, preferences and relative, participating, optional, special and other rights, if any, and any qualifications, limitations and restrictions thereof, applicable to the shares of each series. Our Board is able, without stockholder approval, to issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of the Common Stock and could have anti-takeover effects. The ability of our Board to issue preferred stock without stockholder approval could have the effect of delaying, deferring or preventing a change of control of us or the removal of existing management. We have no preferred stock outstanding as of the date hereof. Although we do not currently intend to issue any shares of preferred stock, we cannot assure you that we will not do so in the future.

Warrants

BLS Investor Group, LLC (the "Sponsor") purchased 9,333,333 warrants at a price of \$1.50 per warrant for an aggregate purchase price of \$14,000,000 in a private placement that occurred on the IPO closing date. There were 6,970,000 warrants outstanding as of December 29, 2022. The warrants may be physical (cash) or net share (cashless) settled and are not redeemable by us so long as they are held by the Sponsor or its permitted transferees, except as set forth below.

Each whole warrant entitles the registered holder to purchase one share of our Class A Common Stock at a price of \$11.50 per share, subject to adjustment as discussed below. For example, if a warrant holder holds one warrant, such warrant will be exercisable for one share of the Company's Class A Common Stock. Pursuant to the Warrant Agreement, dated September 29, 2020, between the Company and Continental Stock Transfer & Trust Company, as warrant agent (the "Warrant Agreement"), a warrant holder may exercise its warrants only for a whole number of shares of Class A Common Stock. This means that only a whole warrant may be exercised at any given time by a warrant holder. The warrants will expire on May 4, 2026 at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

We are not obligated to deliver any shares of Class A Common Stock pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act with respect to the shares of Class A Common Stock underlying the warrants is then effective and a prospectus relating thereto is current, subject to our satisfying our obligations described below with respect to registration. No warrant will be exercisable for cash or on a cashless basis, and we will not be obligated to issue any shares to holders seeking to exercise their warrants, unless the issuance of the shares upon such exercise is registered or qualified

under the securities laws of the state of the exercising holder, or an exemption is available. In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to a warrant, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless.

Redemption of warrants when the price per share of our Class A Common Stock equals or exceeds \$18.00.

We may call the warrants for redemption:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon not less than 30 days' prior written notice of redemption to each warrant holder; and
- if, and only if, the last reported sale price of the Class A Common Stock equals or exceeds \$18.00 per share for any 20 trading days within a 30-trading-day period ending on the third trading day prior to the date we send to the notice of redemption to the warrant holder (as adjusted per share splits, share dividends, reorganizations, reclassifications, recapitalizations and the like);

provided, however, that any warrants that are still held by Sponsor or its permitted transferees are not subject to redemption pursuant to this provision.

If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws. However, we will not redeem the warrants unless an effective registration statement under the Securities Act covering the shares of our Class A Common Stock issuable upon exercise of the warrants is effective and a current prospectus relating to those shares of our Class A Common Stock is available throughout the 30-day redemption period.

We have established the last of the redemption criterion discussed above to prevent a redemption call unless there is at the time of the call a significant premium to the warrant exercise price. If the foregoing conditions are satisfied and we issue a notice of redemption of the warrants, each warrant holder will be entitled to exercise their warrant prior to the scheduled redemption date. Any such exercise would not be done on a "cashless" basis and would require the exercising warrant holder to pay the exercise price for each warrant being exercised. However, the price of the Class A Common Stock may fall below the \$18.00 redemption trigger price as well as the \$11.50 warrant exercise price after the redemption notice is issued.

Redemption of warrants when the price per share of our Class A Common Stock equals or exceeds \$10.00.

We may also call the warrants for redemption:

- in whole and not in part;
- at \$0.10 per warrant upon a minimum of 30 days' prior written notice of redemption; provided that holders will be able to exercise their warrants on a cashless basis prior to redemption and receive that number of shares of Class A Common Stock to be determined by reference to the table below, based on the redemption date and the "fair market value" of our Class A Common Stock except as otherwise described below;
- if, and only if, the last reported sale price of the Class A Common Stock equals or exceeds \$10.00 per share for any 20 trading days within a 30-trading-day period ending on the third trading day prior to the date we send to the notice of redemption to the warrant holder (as adjusted per share splits, share dividends, reorganizations, reclassifications, recapitalizations and the like); and
- if the last reported sale price of the Class A Common Stock is less than \$18.00 per share for any 20 trading days within a 30-trading-day period ending on the third trading day prior to the date we send to the notice of redemption to the warrant holder (as adjusted per share splits, share dividends, reorganizations,

reclassifications, recapitalizations and the like), the warrants held by Sponsor and its permitted transferees must also concurrently be called for redemption on the same terms as the other outstanding warrants.

The numbers in the table below represent the “redemption prices,” or the number of shares of Class A Common Stock that a warrant holder will receive upon redemption by us pursuant to this redemption feature, based on the “fair market value” of our Class A Common Stock on the corresponding redemption date, determined based on the volume-weighted average price for the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of warrants, and the number of months that the corresponding redemption date precedes the expiration date of the warrants, each as set forth in the table below.

The share prices set forth in the column headings of the table below will be adjusted as of any date on which the number of shares issuable upon exercise of a warrant is adjusted as set forth below. The adjusted stock prices in the column headings will equal the stock prices immediately prior to such adjustment, multiplied by a fraction, the numerator of which is the number of shares deliverable upon exercise of a warrant immediately prior to such adjustment and the denominator of which is the number of shares deliverable upon exercise of a warrant as so adjusted. The number of shares in the table below shall be adjusted in the same manner and at the same time as the number of shares issuable upon exercise of a warrant.

The “fair market value” of our Class A Common Stock shall mean the volume-weighted average price of our Class A Common Stock for the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of warrants.

The exact fair market value and redemption date may not be set forth in the table above, in which case, if the fair market value is between two values in the table or the redemption date is between two redemption dates in the table, the number of shares of Class A Common Stock to be issued for each warrant redeemed will be determined by a straight-line interpolation between the number of shares set forth for the higher and lower fair market values and the earlier and later redemption dates, as applicable, based on a 365- or 366-day year, as applicable. For example, if

the volume-weighted average price of our Class A Common Stock for the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of the warrants is \$11.00 per share, and at such time there are 57 months until the expiration of the warrants, we may choose to, pursuant to this redemption feature, redeem the warrants at a “redemption price” of 0.277 shares of Class A Common Stock for each whole warrant. For an example where the exact fair market value and redemption date are not as set forth in the table above, if the volume-weighted average price of our Class A Common Stock for the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of the warrants is \$13.50 per share, and at such time there are 38 months until the expiration of the warrants, we may choose to, pursuant to this redemption feature, redeem the warrants at a “redemption price” of 0.298 Class A Common Stock for each whole warrant. In no event will the warrants be exercisable in connection with this redemption feature for more than 0.361 shares of our Class A Common Stock per warrant (subject to adjustment). Finally, as reflected in the table above, we can redeem the warrants for no consideration in the event that the warrants are “out of the money” (i.e., the trading price of our Class A Common Stock is below the exercise price of the warrants) and about to expire.

This redemption feature differs from the typical warrant redemption features used in other blank check offerings, which typically only provide for a redemption of warrants for cash (other than private placement warrants) when the trading price for the Class A Common Stock exceeds \$18.00 per share for a specified period of time. This redemption feature is structured to allow for all of the outstanding warrants to be redeemed when the shares of Class A Common Stock are trading at or above \$10.00 per share, which may be at a time when the trading price of our Class A Common Stock is below the exercise price of the warrants. We have established this redemption feature to provide the warrants with an additional liquidity feature, which provides us with the flexibility to redeem the warrants for shares of Class A Common Stock, instead of cash, for “fair value” without the warrants having to reach the \$18.00 per share threshold set forth above. Holders of the warrants will, in effect, receive a number of shares representing fair value for their warrants based on an option pricing model with a fixed volatility input as of September 30, 2020. This redemption right provides us not only with an additional mechanism by which to redeem all of the outstanding warrants, in this case, for Class A Common Stock, and therefore have certainty as to (i) our capital structure as the warrants would no longer be outstanding and would have been exercised or redeemed and (ii) to the amount of cash provided by the exercise of the warrants and available to us, and also provides a ceiling to the theoretical value of the warrants as it locks in the “redemption prices” we would pay to warrant holders if we chose to redeem warrants in this manner. We will effectively be required to pay fair value to warrant holders if we choose to exercise this redemption right and it will allow us to quickly proceed with a redemption of the warrants for Class A Common Stock if we determine it is in our best interest to do so. As such, we would redeem the warrants in this manner when we believe it is in our best interest to update our capital structure to remove the warrants and pay fair value to the warrant holders. In particular, it would allow us to quickly redeem the warrants for Class A Common Stock, without having to negotiate a redemption price with the warrant holders. In addition, the warrant holders will have the ability to exercise the warrants prior to redemption if they should choose to do so.

As stated above, we can redeem the warrants when the shares of Class A Common Stock are trading at a price starting at \$10.00, which is below the exercise price of \$11.50, because it will provide certainty with respect to our capital structure and cash position while providing warrant holders with fair value (in the form of Class A Common Stock). If we choose to redeem the warrants when the Class A Common Stock are trading at a price below the exercise price of the warrants, this could result in the warrant holders receiving fewer Class A Common Stock than they would have received if they had chosen to wait to exercise their warrants for Class A Common Stock if and when such Class A Common Stock were trading at a price higher than the exercise price of \$11.50.

No fractional shares of Class A Common Stock will be issued upon redemption. If, upon redemption, a holder would be entitled to receive a fractional interest in a share, we will round down to the nearest whole number of the number of shares of Class A Common Stock to be issued to the holder.

Redemption procedures and cashless exercise.

If we call the warrants for redemption as described above, our management will have the option to require any holder that wishes to exercise their warrant to do so on a “cashless basis.” In determining whether to require all holders to exercise their warrants on a “cashless basis,” our management will consider, among other factors, our cash position, the number of warrants that are outstanding and the dilutive effect on our stockholders of issuing the

maximum number of shares of Class A Common Stock issuable upon the exercise of our warrants. If our management takes advantage of this option, all holders of warrants would pay the exercise price by surrendering their warrants for that number of shares of Class A Common Stock equal to the quotient obtained by dividing (i) the product of the number of shares of Class A Common Stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (ii) the fair market value. For purposes of this paragraph, “fair market value” shall mean the volume-weighted average price of the Class A Common Stock for the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of warrants. If our management takes advantage of this option, the notice of redemption will contain the information necessary to calculate the number of shares of Class A Common Stock to be received upon exercise of the warrants, including the “fair market value” in such case. Requiring a cashless exercise in this manner will reduce the number of shares to be issued and thereby lessen the dilutive effect of a warrant redemption. We believe this feature is an attractive option to us if we do not need the cash from the exercise of the warrants.

If we call our warrants for redemption and our management does not take advantage of this option, the Sponsor and its permitted transferees would still be entitled to exercise their warrants for cash or on a cashless basis using the same formula described above that other warrant holders would have been required to use had all warrant holders been required to exercise their warrants on a cashless basis. Except as described under “Description of Securities - Warrants - Redemption of Warrants When the Price per Share of Our Class A Common Stock Equals or Exceeds \$10.00,” if Sponsor and its permitted transferees elect to exercise their warrants on a cashless basis, they would pay the exercise price by surrendering his, her or its warrants for that number of shares of Class A Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of Class A Common Stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (y) the fair market value. For purposes of this paragraph, the “fair market value” shall mean the average reported last sale price of the Class A Common Stock for the 10 trading days ending on the third trading day prior to the date on which the notice of warrant exercise is sent to the warrant agent.

A holder of a warrant may notify us in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that after giving effect to such exercise, such person (together with such person’s affiliates), to the warrant agent’s actual knowledge, would beneficially own in excess of 4.9% or 9.8% (or such other amount as a holder may specify) of the shares of Class A Common Stock outstanding immediately after giving effect to such exercise.

Anti-dilution Adjustments.

If the number of outstanding shares of Class A Common Stock is increased by a stock dividend payable in shares of Class A Common Stock, or by a split-up of shares of Class A Common Stock or other similar event, then, on the effective date of such stock dividend, split-up or similar event, the number of shares of Class A Common Stock issuable on exercise of each warrant will be increased in proportion to such increase in the outstanding shares of Class A Common Stock. A rights offering to holders of Class A Common Stock entitling holders to purchase shares of Class A Common Stock at a price less than the fair market value will be deemed a stock dividend of a number of shares of Class A Common Stock equal to the product of (i) the number of shares of Class A Common Stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for Class A Common Stock) multiplied by (ii) one minus the quotient of (a) the price per share of Class A Common Stock paid in such rights offering and (b) the fair market value. For these purposes (1) if the rights offering is for securities convertible into or exercisable for Class A Common Stock, in determining the price payable for Class A Common Stock, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (2) fair market value means the volume-weighted average price of Class A Common Stock as reported during the 10-trading-day period ending on the trading day prior to the first date on which the shares of Class A Common Stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if we, at any time while the warrants are outstanding and unexpired, pay a dividend or make a distribution in cash, securities or other assets to the holders of Class A Common Stock on account of such shares of Class A Common Stock (or other shares of our capital stock into which the warrants are convertible), other than (i) as described above; or (ii) any cash dividends or cash distributions which, when combined on a per share basis with

all other cash dividends and cash distributions paid on the shares of Class A Common Stock during the 365-day period ending on the date of declaration of such dividend or distribution does not exceed \$0.50 (as adjusted to appropriately reflect any other adjustments and excluding cash dividends or cash distributions that resulted in an adjustment to the exercise price or to the number of shares of Class A Common Stock issuable on exercise of each warrant) but only with respect to the amount of the aggregate cash dividends or cash distributions equal to or less than \$0.50 per share, then the warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each share of Class A Common Stock in respect of such event.

If the number of outstanding shares of our Class A Common Stock is decreased by a consolidation, combination, reverse stock split or reclassification of shares of Class A Common Stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of Class A Common Stock issuable on exercise of each warrant will be decreased in proportion to such decrease in outstanding shares of Class A Common Stock.

Whenever the number of shares of Class A Common Stock purchasable upon the exercise of the warrants is adjusted, as described above, the warrant exercise price will be adjusted by multiplying the warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares of Class A Common Stock purchasable upon the exercise of the warrants immediately prior to such adjustment, and (y) the denominator of which will be the number of shares of Class A Common Stock so purchasable immediately thereafter.

In case of any reclassification or reorganization of the outstanding shares of Class A Common Stock (other than those described above or that solely affects the par value of such shares of Class A Common Stock), or in the case of any merger or consolidation of us with or into another corporation (other than a consolidation or merger in which we are the continuing corporation and that does not result in any reclassification or reorganization of our outstanding shares of Class A Common Stock), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of us as an entirety or substantially as an entirety in connection with which we are dissolved, the holders of the warrants will thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the warrants and in lieu of the shares of our Class A Common Stock immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the warrants would have received if such holder had exercised their warrants immediately prior to such event. However, if such holders of Class A Common Stock were entitled to exercise a right of election as to the kind or amount of securities, cash or other assets receivable upon such consolidation or merger, then the kind and amount of securities, cash or other assets for which each warrant will become exercisable will be deemed to be the weighted average of the kind and amount received per share by such holders in such consolidation or merger that affirmatively make such election, and if a tender, exchange or redemption offer has been made to and accepted by such holders (other than a tender, exchange or redemption offer made by the Company in connection with redemption rights held by stockholders of the Company as provided for in the Company's current certificate of incorporation or as a result of the repurchase of shares of Class A Common Stock by the company if a proposed initial business combination is presented to the stockholders of the company for approval) under circumstances in which, upon completion of such tender or exchange offer, the maker thereof, together with members of any group (within the meaning of Rule 13d-5(b)(1) under the Exchange Act (or any successor rule)) of which such maker is a part, and together with any affiliate or associate of such maker (within the meaning of Rule 12b-2 under the Exchange Act (or any successor rule)) and any members of any such group of which any such affiliate or associate is a part, own beneficially (within the meaning of Rule 13d-3 under the Exchange Act (or any successor rule)) more than 50% of the outstanding shares of Class A Common Stock, the holder of a warrant will be entitled to receive the highest amount of cash, securities or other property to which such holder would actually have been entitled as a stockholder if such warrant holder had exercised the warrant prior to the expiration of such tender or exchange offer, accepted such offer and all of the Class A Common Stock held by such holder had been purchased pursuant to such tender or exchange offer, subject to adjustments (from and after the consummation of such tender or exchange offer) as nearly equivalent as possible to the adjustments provided for in the Warrant Agreement. Additionally, if less than 70% of the

consideration receivable by the holders of Class A Common Stock in such a transaction is payable in the form of Class A Common Stock in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the registered holder of the warrant properly exercises the warrant within 30 days following public disclosure of such transaction, the warrant exercise price will be reduced as specified in the Warrant Agreement based on the per share consideration minus Black-Scholes Warrant Value (as defined in the Warrant Agreement) of the warrant.

The warrants have been issued in registered form under the Warrant Agreement. You should review a copy of the Warrant Agreement, which is filed as an exhibit to the registration statement pertaining to our IPO, for a complete description of the terms and conditions applicable to the warrants. The Warrant Agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 65% of the then outstanding warrants to make any change that adversely affects the interests of the registered holders of warrants.

The warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price (or on a cashless basis, if applicable), by certified or official bank check payable to us, for the number of public warrants being exercised. The warrant holders do not have the rights or privileges of holders of Class A Common Stock and any voting rights until they exercise their public warrants and receive shares of Class A Common Stock. After the issuance of shares of Class A Common Stock upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

Warrants may be exercised only for a whole number of shares of Class A Common Stock. No fractional shares will be issued upon exercise of the warrants. If, upon exercise of the warrants, a holder would be entitled to receive a fractional interest in a share, we will, upon exercise, round down to the nearest whole number the number of shares of Class A Common Stock to be issued to the warrant holder.

Dividends

We have not paid any cash dividends on our Common Stock to date and do not intend to pay cash dividends. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition. The payment of any cash dividends will be within the discretion of our Board at such time. In addition, our Board is not currently contemplating and does not anticipate declaring any stock dividends in the foreseeable future. Further, if we incur any indebtedness, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

Transfer Agent and Warrant Agent

The Transfer Agent for our Common Stock and warrant agent for our warrants is Continental Stock Transfer & Trust Company. We have agreed to indemnify Continental Stock Transfer & Trust Company in its roles as transfer agent and warrant agent, its agents and each of its stockholders, directors, officers and employees against all liabilities, including judgments, costs and reasonable counsel fees that may arise out of acts performed or omitted for its activities in that capacity, except for any liability due to any gross negligence, willful misconduct or bad faith of the indemnified person or entity.

Certain Anti-Takeover Provisions of Delaware Law, the Company's Second Amended and Restated Certificate of Incorporation and the Amended and Restated Bylaws

The Second Amended and Restated Certificate of Incorporation and the Amended and Restated Bylaws contain provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. We are also subject to anti-takeover provisions under Delaware law, which could delay or prevent a change of control. Together, these provisions may make more difficult the removal of management and may

discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities. These provisions include:

- no cumulative voting in the election of directors, which limits the ability of minority stockholders to elect director candidates;
- a classified board of directors with three-year staggered terms, which could delay the ability of stockholders to change the membership of a majority of the Board;
- the requirement that directors may only be removed from the Board for cause;
- the right of our Board to elect a director to fill a vacancy created by the expansion of our Board or the resignation, death or removal of a director in certain circumstances, which prevents stockholders from being able to fill vacancies on our Board;
- a prohibition on stockholder action by written consent, which forces stockholder action to be taken at an annual or special meeting of our stockholders;
- a prohibition on stockholders calling a special meeting and the requirement that a meeting of stockholders may only be called by members of our Board, which may delay the ability of our stockholders to force consideration of a proposal or to take action, including the removal of directors;
- the requirement that changes or amendments to certain provisions of our certificate of incorporation or bylaws must be approved by holders of at least two-thirds of the Common Stock of the post-combination company; and
- advance notice procedures that stockholders must comply with in order to nominate candidates to our Board or to propose matters to be acted upon at a meeting of stockholders, which may discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of the Company.
